Spring Rain Storms Force Major Track Resceduling

Oklahoma was hit by one of the worst rain storms of the past decade last weekend, beginning Saturday and lasting through Tuesday. The Class 3A-2A-A-B State Championship Meets managed to get through the first day of competition but all the events scheduled for Saturday, May 8, were canceled and rescheduled for Wednesday, May 12 at Moore and Yukon.

The large school (5A-4A) regionals scheduled for Saturday were completely postponed at Enid and Choctaw and partially completed at Lawton Eisenhower. The regional at Jenks was the only one able to be completed as scheduled.

The weather was not much more cooperative on Monday as the Enid regional was held in an almost continuous drizzle and cold wind, finally coming to a finish near 9:30 p.m. Monday night. The previous week a tornado hit the town of Catoosa, killing nine people and forcing the regionals scheduled for Catoosa High School to be moved to Cascia Hall.

Four central Oklahoma counties have been declared federal disaster areas as a result of the flooding which followed the five days of record setting rainfall.

The weather is the biggest story of the past few weeks as the front page story attests. It was going to be tough enough to get this issue off the press and into the mail prior to the 5A-4A state meet, May 14-15 at the University of Central Oklahoma in Edmond but I thought we could manage it even with the major rescheduling of regional and state meets. However, I didn't count on our computer system taking a direct hit by lightning Sunday night during one of the many storms that pushed through Oklahoma City that night.

We've suffered some previous minor damage from power surges caused by lightning but this one toasted our system and it will be a week or two until it can be replaced with new equipment. Luckily all the 3A-2A-A-B regional results were already printed out and we managed to get them arranged and pasted-up by hand (This is stuff we used to do in the DARK AGES of newspaper publishing prior to computers--glad I could remember how to wax a piece of copy and get it aligned fairly straight.)

The small school (3A-2A-A-B) meets are in progress at Moore and Yukon as we go to press and the 5A-4A meet starts in Edmond in just a couple of days with their rescheduled regionals reaching completion only two days ago. I got a few photos from the Enid regional but unfortunately I wasn't able to get the results into the computer in time to make this issue.

The next issue will cover all the state championship meets as well as the 5A-4A regional meets. There are also several invitational and conference meets that should have been included in this issue that will run in the next.

I also hope to have a round-up of where our top senior athletes will be attending college and a review of those that are undecided. Coaches please take the time to drop me a note or give me a call if you have a senior boy or girl who should be mentioned. Also in the next issue will be the coaches' All State Teams and the Oklahoma Track Coaches Association All-Star Team that will be competing in the Great Southwest Classic at Arizona State University May 29th.

This is the fourth issue and it is time for those subscribers who took advantage of our five-issue introductory offer to renew their subscriptions. The next issue will be the last issue of the 1992-93 season and the following issue will be out at the end of August or the first of September and will preview the upcoming cross country season. We will be sending out team report forms again and hope that all coaches will take the time to get them filed out and back in. This is a great time for coaches to turn in a request to their libraries to add Oklahoma TRACK & FIELD NEWS to their list of publications.

Oklahoma TRACK & FIELD NEWS is dedicated to covering the sport of track and cross country in the state of Oklahoma at all levels and encourages submission of all results of any Oklahoma events. Oklahoma TRACK & FIELD NEWS is published 12 times a year as follows: twice in September and October, once in November (cross country season); once in February (indoor track), twice in March, April and May (outdoor track). Oklahoma TRACK & FIELD NEWS is the official publication of the Oklahoma Track Coaches Association. Mailed by first class from Oklahoma City, OK.
