THE SEASON'S LEADING 3200 meter run time was turned in by Enid's Chance Rush (left) who beat Guthrie's Justin Bumgardner with a time of 9:41.49 at the Jenks Invitational March 5th and the Plainsmen edged the host Trojans by one point for the team title. Story and results below. Photo by John Hoke

### 18th Annual Jenks Trojan Invitational

Jenks  
3/5/94

JENKS--The boy's team title came down to the last race in the 18th Annual Trojan Invitational held here at Jenks High School March 5th with Enid jumping past the host Trojans by one point on the strength of a victory in the mile relay to Jenks' third place finish behind Edmond North.

The Plainsmen got an outstanding performance from distance specialist, Chance Rush, who won both the 1600 and 3200 with the top times of the state's opening week-end of track competition, and Ryan Logan,

who took the 300 hurdles, also with the state's best time. The Trojans failed to win a single event but scored heavily in the third and lower places to pile up 86 points to Enid's 87.

Owasso's Shawn Creason was the only other double winner, taking the 100/200 with the state's top times. In all, there were eleven top times/distances recorded in the meet which was conducted in warm and breezy weather.

On the girl's side, Union blasted the field with 110 points to runnerup Jenks' 86.5, led by junior, Danielle Hill, who doubled in the 100/300 hurdles and ran the second leg on

### 1994 High School Track Preview 2A--A--B

By John Hoke, Editor

As I said in the last issue, it is going to be a long and unpredictable two months until the regional and state championship meets in May and that is especially true for the small school picture which is definitely hard to predict, particularly at this time of year. Sometimes I feel like a blind scuba diver at the bottom of the Loch Ness.

#### 2A BOYS

This is shaping up to be a battle between the same top teams as last year with the edge, for the moment, going to Fairview. Stroud lost their triple winner, Jay Wilkinson, but return their shot put/discus winner, Casey Bookout while Fairview holds on to most of the team that scored 79 points last year. Watonga was not far behind and will certainly be a contender for the top spot.

The second echelon is led by Tishomingo with Lindsay being a definite dark horse. Graduation hit this class hard with Prague's 110 hurdle champion, Shannon Ward and Heritage Hall long jumper, Khari Manuel, the only returning champions. Wilkinson's brother Scott, second in the pole vault last year as a freshman, will hope to replace Jay at the top of the winner's stand this year.

#### 2A GIRLS

Cascia Hall will be tough to beat this year with returning three-time 1600/3200 double winner Natalie Gray but they did lose some of their back-up strength so Watonga gets the nod to slip ahead into the championship this year after finishing second by only seven points last year.

For the girls, returning champions are the norm rather than the exception with virtually every champ back except Purcell's Julie Hodge (100/200) and Julie Clements (shot put/discus) who would be if the Dragons didn't move up to 3A this year.

Besides Gray, Watonga returns double winner Lori Schenk (100/300 hurdles), Davis has Shirley Ebony (400), Elgin has Kelleigh Sanders (800), and Alva has Courtney Roe (long jump).

Alva leads the second group followed by Wynnewood, somewhat of an unknown, coming up from A last year but with three

# On TRACK

By John Hoke, Editor

The weather for the first weekend of state track competition could not have been better. Temperatures were in the 70's and 80's and the winds were mild. Too bad there were only two meets. The second weekend was not too bad either, certainly better than we could expect, so maybe this is a good sign for the coming season. I certainly got tired of being cold and wind-blown last year.

Speaking of the wind--in my correspondence with the high school editor of TRACK & FIELD NEWS I've been told that, unless specific wind information is given, they assume that all times are wind aided. This does put our athletes at a disadvantage in terms of making their national lists and it is something that should not be that difficult to take care of in the future if the coaches request wind gauges at the meets they attend.

The next issue of Oklahoma TRACK & FIELD NEWS will be dated the 31st of March and will be the last issue out before regional assignments are made. If you want to have an impact on those assignments you need to do two things: first, make sure all the meets you attend are reported promptly to us and secondly, contact your representative on the coaches' advisory committee listed at the bottom right hand of this page and let him know how you think the teams stack up against each other.

If all goes well, we should be able to publish those assignments in our April 14 issue.

I'm going to make another plea for coaches to send us their TEAM REPORTS since we still haven't received them from more than 80% of the schools with track teams in the state. I would like to be able to list first names in the class rankings and it is getting progressively more difficult to dig them out of past results. I would also like to develop a list of senior athletes so that college coaches could see who they are and contact those that they might be interested in recruiting. If you are a coach and don't have a copy of our TEAM REPORT form you can request one by mail, phone or FAX or you can just send us a list of your athletes, their class year, your schedule and your name and phone number. If you see a last name only listed when everyone else has their first name listed, you know I don't have a TEAM REPORT.

This issue has the first listing of season leading performances and is based on results received by March 13th. There were a few meets I know of that we didn't get results on and a couple that were incomplete or listed first place times only. It is very important that we receive complete (six places) results in order to make this listing as accurate as possible. If you see an error or omission, please let us know by phone or FAX.

In February I read an article in the Penn State Sports Medicine Newsletter about the study done in Seattle, Washington, covering 60,000 high school athletes which concluded that, surprisingly, the high school sport that causes the most injuries and keeps the athletes sidelined the longest was girls' cross country. This statistic was graphically illustrated at the Jenks Trojan Invitational March 5th when three of the state's top female distance runners were all sitting on the sidelines with stress fractures.

The study's author, Dr. Stephen G. Rice, M.D., concluded that the high injury rate for girls was not a gender issue but instead a "classic combination of training error and physical fitness." His answer "is to gradually get into shape in the offseason, and then progressively increase your intensity and duration leading up to your competitive season." Hopefully I can get some more information on the study for a future issue.

# Ardmore Invitational

Ardmore  
3/5/94

ARDMORE--The 1994 track season got underway in southern Oklahoma March 5th with the season's first meet being held in balmy 83 degree weather here at Ardmore High School, home of the Class 4A defending boy's state champions.

3A boys powerhouse, Idabel, socked it to the big guys, taking the boy's team title with 90 points to runnerup Putnam City North who just edged Broken Bow and John Marshall for second place with 64 points to their 63 (tie). Idabel's overall balance was too much for the competition as they took three individual titles and three second places and added a second place relay finish to claim the team trophy.

Putnam City North's Larry Digby was easily the most outstanding boy, capturing three individual titles in the 800/1600/3200 events. His 800 time of 2:00.56 was the best time in the state for the first weekend of competition.

As usual, John Marshall dominated the girl's competition, scoring 169 points to more than double runnerup Marlow's 73. The fabulous Bears captured five individual events and two relays en route to the team trophy. Versatile Jameka Roberts doubled in the 400/800 with both times topping the list in the state's opening weekend. Teammate Talea Wisby doubled in the 100 hurdles and long jump while Plainview distance specialist, Sarah Harvey, took both the 1600 and 3200.

# Putnam City Invitational Putnam City 3/11/94

OKLAHOMA CITY--The Enid boys and McGuinness girls flexed their muscles in the Putnam City Invitational held here March 5th with almost 30 teams competing. The Irish topped Edmond Memorial 118 to 74 while the Plainsmen took the team trophy away from the host Pirates, 124 to 83.

Enid captured five individual events and the 400 relay with sprinter Shaun Mills claiming both the 100 and 200 meter dashes en route to the season's top time in the 100. Putnam City relied on titles in the other two relays to top Eisenhower for the silver.

Putnam City North's Larry Digby took a tight 1600 meter run from Northeast's Cornelius Mason and Enid's Chance Rush, coming from behind with less than 200 meters to go to clock the state's best 1600 time of 4:25.10. Mason came back to nail the top 800 meter time so far, clocking a 1:58.63 over Noble's Chad Weaver.

McGuinness won three relays--800/1600/3200--and two individual titles with freshman Ashley Boothe outduelling Shawnee's Natalie Mann in the season's fastest 1600 and then coming back to take the 3200.

Northeast sprinter Eadene Morrow was the only other double winner, taking both the 100 and 200 meter dashes.

**PRAGUE'S** defending 110 meter hurdle champion Shannon Ward in action in the Prague-Little Axe Indoor Invitational.

## In Our Mail Bag

Dear John:

Track & Field News just passed along to me the copies of your year-old publication, Oklahoma Track & Field News. A truly outstanding production and extremely valuable to us here at T&FN. Oklahoma has been a black-hole for us on the national scene. I usually only see the state meet results and a final 10-deep list each year. We know lots else happens, but no one inside the state seemed to care about sending data. Next to our own California Track & Field News, your publication is the best I have seen of the half dozen or so state level publications. Hope it is profitable for you so that you keep publishing.

## Will you cross the finish line in the race for college?

Are you a high school athlete hoping to compete in college-level cross-country or track & field events? You may get the chance, but only if you're good enough **AND** the college recruiters know about you.

Both cross country and track & field are considered nonrevenue sports. What this means is that college recruiters in those sports have very little money available to search out the outstanding athletes they need for their teams. What it means for you is a hit-or-miss process that too often leaves even exceptional athletes overlooked.

*How many college recruiters have contacted you so far?*

If you are an outstanding athlete who would like maximum exposure to college recruiters, contact Pat Sullivant for a free evaluation.

## SEASON LEADERS

The list of season-leading performances in this issue represents results recieved in our office by March 13th. There were not enough meets in the past two weeks to justify a separate listing by class but as soon as enough times/distances are compiled we will begin to break them down by class.

Only performances that can be verified from results received by us are eligible for listing. Preliminary times are only eligible if verified by the meet director and submitted to us in writing.

*DEFENDING CHAMPIONS Jenifer Whittel, Cherokee, left, (100 hurdles) and Joseph Jester, Yale (high jump) are back to defend their class B and A titles respectively.*

# Purcell Invitational

Purcell High School  
3/11/94

**PURCELL**—The Purcell girls ran away with their own invitational here March 11th, scoring 153 points to runnerup Wynnewood's 92. The Dragon girls captured four individual and one relay first and scored heavily elsewhere to dominate the meet in spite of Wynnewood's win of the other three relays.

Several defending state champions were competing including three in the 100 meter dash with the host's 2A champ—and fastest in the state last year—Julie Hodge going against Wynnewood's A champ Meme Smith and her 200 meter champ teammate Denise Knowles. Knowles took it handily with the season's second-best time of 12.09 with Hodge in second.

Little Axe's Sheer was the only double winner for the girls, taking the shot put and the discus.

Jones made off with the boys team title on the strength of winning all three relays and two individual titles, scoring 118 points to runnerup Ada's 103. The Cougars pushed the Longhorns in all the relays, finishing a close second each time.

Defending state champions clashed in the 110 meter hurdles with Prague's 2A champ Shannon Ward beating 3A champ Cory Merritt of Tuttle.

Double winners were Jones's Gatewood in the 100/200 and Maud's Roberts in the 800 and long jump.

returning A champions in Meme Smith (100), Denise Knowles (200) and Vanessa Williams (long jump).

### A BOYS

This was really a tough division to get any feel for with almost no competition yet and very little information from the coaches. With Wynnewood moving up to 2A—taking two champions, Mike Huckabea (discus) and Otis Patterson (long jump)—it looks like Laverne will be in the driver's seat again with Hooker and Carnegie lurking in the background. Carnegie returns shot put champion Gary Haumpy and Yale returns high jump champ Joseph Jester, a junior. Ringwood loses most of their points with the graduation of triple winner Kenneth Evans (100/110H/300H).

### A GIRLS

With champion Wynnewood out of the picture (up to 2A) it looks pretty good for Laverne to pull off a double, boy-girl, championship. Velma-Alma will be a close challenger with returning champions Mandy Simms (300H) and Shannon Chapman (shot put) with Hooker looking to improve into a third-place finish. The only other identified returning winner is Foyil's 100 hurdle champion, Kim Shelton.

### B BOYS

This is another tough one to call but Beaver gets the nod over Thomas, last year's team champion, who drops to third mainly due to the loss of their double winner Pat Crowdis (100/200) with Balko moving up into the second slot. Buffalo has returning double winner Mark Levings who captured both the 1600 and 3200 as a freshman and

### SEASON LEADERS

The listing of season leading performances begin in this issue with a listing of all classes combined. There were not near enough results in the first two weeks of the season to break the listings down by class but as soon as there are we will begin separate class listings. In order for a tim/distance to qualify we must have the full results of the meet in our office for verification.

### RESULTS

Results are the hear of this publication and it is the responsibility of every meet director to submit their results to us for publication as soon as possible. Most are used to calling their local newspapers but it has taken quite a bit of prodding to get results sent to us. Help us out by encouraging your meet directors to get their results to us promptly so your athletes have a fair opportunity to be recognized.

### TEAM REPORTS

TEAM REPORT forms were mailed to all Oklahoma high schools with track teams in January and we still haven't received 20% of them back yet. This is our main source of information concerning correct spelling, class year, schedules, coaches, etc. If you haven't sent your's in yet, please do so. If you didn't receive one or have lost it please call 405-524-8551 to request another or simply send us a list of all your athletes, you schedule and coaches' names.

### Helping Student Athletes Since 1986.

"My daughter was a state champion and didn't hear from any colleges until College Prospects helped us out. She heard from 52 schools and was offered 5 full rides."... Parent

"My daughter had only heard from small schools in this area. After CPOA, she is now hearing from 60+ schools with 23 being top Division I schools."...Parent

"My son has heard from 100 Division I and II schools ranging from the East Coast to the West Coast. CPOA has done everything that they said they could do."...Parent

"We use CPOA as a recruiting tool. Since our recruiting budget was cut, it's an easy way for us to consider student/athletes from around the country. They are thorough, dependable and extremely useful. I am a big supporter of CPOA and saw what it did for my daughter."...Big East Coach

# Jenks Trojan Invitational

Continued from page 1

Union's winning 400 relay team. The Redskins' Leslie Schlegel and Lucretia Mays also doubled in the shot/discus and long/high jump respectively. In all, Union took six individual wins and the 400 relay.

McGuinness was the only other team to claim more than one individual titlist with senior Lori Greenlee and freshman Ashley Boothe winning the 400 and 3200. The Irish also scored a double in the relays with wins in the 3200 and 1600, clocking the state's best times in both.

Three defending 3200 champions and 1993 cross country champions were at the meet--Jenks' Carissa Nix (5A), McGuinness' Jessica Hoke (4A), and Cascia Hall's Natalie Gray (2A) but all sat on the sidelines watching with stress fractures. Nix is out for the season with a horizontal femoral fracture while Hoke will be out for eight weeks with a tibial fracture and Gray will be back in action in a couple of weeks after a fibula fracture.

## Broken Arrow Classic

Broken Arrow High School  
3/12/94

**BROKEN ARROW--**The Jenks girls got revenge on Union for spoiling their own meet a week ago as the Trojans edged the Redskins 103-100 for the team title in the Broken Arrow Classic here March 12th. Double winners were Union's Danielle Hill in the hurdles, and Leslie Schlegel in the shot/discus and Bartlesville's Fontenot in the 200/400.

The Jenks boys easily outpointed their hosts 130-104 led by Doug Decker's double win in the hurdles. B.T. Washington's Demetrius Birch took both the 100/200 meter dashes.

## TEAM RANKINGS

The team rankings found in this issue are derived from early season meets, known returning state meet points, and input from coaches in each class and division. Theoretically, they represent the outcome of the state meet if it were held on the cover date of this issue and are not necessarily a prediction of what will happen at the state meet in May, though we will get around to that prediction later.

Fortunately the state championship will be decided on the track and not by a ranking so please don't get too serious about who's where in the rankings this issue. However, we are anxious to hear reader's opinions and welcome letters or calls on this topic.

# 1994 TRACK SCHEDULE

*The schedule below was derived from information listed on TEAM REPORTS recieved by March 13th. About 100 meets are listed but there are several that were held last year that no information has been recieved on yet. Since this information comes from reported schedules and not directly from meet directors there are possibilities of errors so it would be prudent to contact the school if you are interested in attending as a spectator for a meet schedule and to confirm the date.*
