## 1996 Track Season Heads For Finish

By John Hoke

The 1996 track season is down to the last two weeks with small school regionals April 27 followed by the state meets at Moore and UCO May 3-4. Big school regionals are on May 4th with the state meets May 10-11 at Choctaw.

In the team races defending 5A boys champion, Edmond North, finally seems up to speed, moving into the top-ranked spot just ahead of Norman on the strength of their win at the John Jacobs meet. The Jenks girls take over the top spot in 5A following their impressive win over both Norman and B.T. Washington at the Jacobs meet as well.

In 4A, boys defender Altus still has a strong hold on the top ranking while the Northwest Classen girls lead a tight pack (Northeast, Ardmore, McGuinness) that could come down to who holds on to the stick in the relays.

Weatherford boys are still tops in 3A while the defending champion Grove girls move back into the number one slot ahead of challenger Plainview. In 2A defender Stroud boys are looking pretty unbeatable while the Pawnee girls move up to number one for the first time this season.

Defending champion Turpin still hold the number one spot in A boys while powerful Velma-Alma remains at the top of the girls rankings.

Team rankings are loosely based on pointing-out the season leader listings for the individual class.

The season leader listings in this issue reflect meets received by April 24th and published in this issue. There were a handful of meets received too late to publish but some were factored into the season leader listings and the meet results will be in the next issue.

Highlights from the listings: Jenk's junior, Sophia Surgeon, ran 55.77 for 400 meters at the Kansas Relays; Wynnewood's Don Harris has a 7-0 high jump; Stroud has two athletes near the top of the national rankings in discus-thrower Kyle Bookout (189-9) and pole vaulter Scott Wilkinson (16-6).

Northeast, besides having two of the top sprint relay teams (400: 48.46/800: 1:41.35), has high jumper Mary McQueen at 5-6; Northwest Classen has a pack of talented girls with Aishia Gordon having the top time in the 200 (23.84); the Guthrie girls turned in the state's top time for the 3200 relay at the Suburban Conference with a 9:50.04; John Marshall senior, Justin Matthews, ran 39.07 in the 300 hurdles.

Edmond North went 42.16 for the 400 relay at the Metro Conference meet and 3:21.71 in the 1600 relay; Norman's Kyle Bennett ran a season-leading 800 (1:56.33) at the Quarterback Classic in Mustang; Bartlesville freshman, Karla Hopkins, has the top spot in both the 1600 (5:16.40) and 3200 (11:17.30) both set at the Texas Relays.

# On TRACK

By John Hoke, Editor

This is the last issue before small school (3A and below) regional and state meets and 4A-5A regionals. I am much happier this year about the quantity and quality of the results I've received over the past two weeks though, with only about 70% of the meets reporting, I'm still not satisfied (35 of 50). I'm getting more calls these days--which, by the way, I encourage--about missing someone in the rankings or not having a team where they think they belong and the reason is usually that the meet wasn't reported. My hope is that, as time goes on, it will become the standard procedure to FAX the meet results as soon as they're done.

This will be the last listing of season leaders in the 3A and below classes since the state meet will be reported in the next issue. I want to thank the coaches who have helped with their input again. Producing that section of this publication takes at least 24 man-hours of research, compilation and typing and this only comes after all the meets have been typed into the computer. Without their help it would take at least another two days to get off the press and into the mail.

Speaking of the mail. In addition to the fiasco with the March 31 issue I'm still hearing a lot of complaints about missing issues. Mostly it is because of bad addresses but often it is due to the fact that the issue gets mis-directed at the school. Wouldn't it be great if coaches had one copy sent to their house and one to the library at school for their athletes to enjoy.

A small group of deserving athletes have been falling through the cracks in the season leaders listings due to the fact that their schools do not belong to the Oklahoma Secondary Schools Activities Association. The OSSAA puts on the state championships and those class divisions are the basis for the season leader lists. However, there are a number of schools--private or religious--that have track teams that often compete in open and invitational meets. Next year I would like to find someone that would help in compiling a year-end listing for this group. If you're interested in helping, please give me a call or drop me a note.

With the regional and state meets on the horizon I'm again having thoughts about an outside qualifying procedure for regionals similar to those in other nearby states--particularly Arizona. This is an issue that should be put under formal study by the OSSAA Advisory Board so that it can be implemented sometime in the not-too-distant future. Speak to your advisory board representative about bringing it up at the post-state meeting.

I would also like to see the prohibition against watches on athletes dropped. We try to train our runners to pace themselves but they can't wear a watch and coaches aren't supposed to aid them during a race--a Catch 22 if I've ever seen one. Watches are standard equipment for any serious runner over 200 meters in training and competition on a national level and we are handicapping our athletes by not allowing them to have this aid.

I am planning to having photographers at all the state meets again this year so if you're interested in getting a photograph of your favorite athlete please give me a call and I'll let you know who to talk to about getting photos.

With only two more issues to go in this season, renewal notices will be going out soon--take the time to send it back so you don't miss out on next year's track and cross country action. Do your friends a favor and tell them about the *Oklahoma TRACK & FIELD NEWS*!
