CENTRAL OKLAHOMA RELAYS--Santa Fe's Jason Jones looks like he's having a good time coming out of the water jump in the 1800 meter steeplechase. Jones bashed a knee on his last trip over the hurdle and failed to finish with Edmond Memorial's Mark Thompson claiming the win, his fourth gold medal of the meet. Photo by John Hoke

By John Hoke, Editor

Many of you may have just received the March 31st issue a few days ahead of this issue due to a combination of circumstances that involved me being late, my mailing service being late and the U.S. Postal Service picking that issue for a major mechanical problem. It seems that once the issue finally got to the post office, only part of the group was sent out and the rest sat on the dock for a week before getting in the mail. I got suspicious when half the coaches I talked to at the UCO meet had not received their issues and half had. The Post Office apologizes and so do I.

There are over 30 meets reported in this issue and we still don't have every meet reporting their full results. I also had a serious problem with poor quality FAXes and there are some results missing because I couldn't read them. All in all, I am pretty satisfied with the cooperation I'm getting from meet directors but there are still some coaches that don't take the process of compiling and sending results very seriously. Coaches, take the time to make sure the meet director at the meets you attend plans to send the complete results promptly so that your athletes get the recognition they deserve.

Speaking of recognition. George Hall, Tulsa, has compiled a best performances listing of Oklahoma age-group track and field. The report is titled *Best Performances in Oklahoma Age-Group Track & Field and Athlete Handbook*, and contains approximately 9,500 listings of athletes from Bantam (10 and under) to Masters over 90 years old.

Age groupings consist of standard USATF youth divisions, open (age 19-34), and 5 year age brackets beginning at age 35. Meet results were obtained from meets as far back as 1975, and records compilations were used to extend that back to 1964 and earlier. Results were obtained from 120 previous age-group meets including the Junior Olympics, Age-Group Championships, Ponca City Meets, AAU, meets, Senior Olympics, Sooner State Games, all-comer mini-meets, Hershey meets, and miscellaneous discontinued meet series.

Approximately the top 30 to 50 performances are listed for every event/age combination for the youth athletes, and every available masters' result was included without restriction. The report includes an athlete index that shows the events that each athlete is listed under, and also includes general information on the age-group track program in Oklahoma for both Youth and Masters athletes.

The effort has taken nine months of George's spare time but is now almost complete and the report is expected to be available May 1st. Copies of the report are available for \$7.00 plus \$3.00 shipping by writing Best Performances, 4217 W. 91st, Tulsa, OK 74132. Checks should be made out to George Hall. Proceeds will be used to provide youth scholarships for running camps.

The coaches for the two Oklahoma All-Star teams are putting their teams together for the Oklahoma vs. Arkansas dual and the Great Southwest Classic and if you are a member of the Oklahoma Track Coaches Association you should contact them if you have an athlete you think should be considered--see the Coaches Corner in this issue.

Regional assignments are in this issue and the committee responsible for this tough job is to be commended again for doing a great job.

There will be one more issue out (April 26) before the 3A-2A-A-B regional and state meets and the 5A-4A regionals. It will contain the final pre-regional Season Leaders listings and the following issue will contain the final pre-state 5A-4A rankings and listings.

See you at a track meet!
