# On Track

By John Hoke, Editor

This is the last issue before all regionals and the small school state meets. It is again one of the largest we've ever produced with over 40 meets and seven sets of leaders lists. We're still not getting reports from all the meets held and there is really no excuse for it, especially now that we're in our seventh year of publishing the *Oklahoma Track & Field News*. Remember that the leader lists in this issue we're compiled from results received by Monday. There are many meets that will make the issue but were not in the office in time to be included in the rankings. The team rankings are simply based on the points derived from the class leader lists but have to be taken with a grain of salt since some individuals might be scoring points in more events than they will be able to at the state meet.

Our web site has been inaccessible for the past week due to a minor snafu in the process of changing web servers. We certainly found out how popular it has become, however, as many of you called to find out what happened. Hopefully, by the time this issue is in the mail the problem will be corrected. If it's not, you can access the oktrack.com site by going to <http://www.amateurwrestlingnews.com> and finding the oktrack button at the bottom of the left frame on the front page. Besides listing the current results, last year's state meets and all of the state records and meets records can be found on the site. Let us know what you think and how we can improve it. I've mentioned it before, but we're going to make access to most of the web site available only to subscribers beginning next fall.

St. Gregory's University in Shawnee is starting a running program next year under Barry Klein, the very successful coach at Little Axe. So far he has signed letters of intent with Aaron Peterman, Edmond Memorial; Jesse Boydston, Durant; John Hamilton, McGuinness; Patrick Eberle, McGuinness, Michael Hill, Marietta; Chad Zimmer, Hydro and Heather Miles, Moore. We look forward to having another outstanding college program in the state.

I get asked by many college coaches to provide class year for the athletes listing in the leaders lists but it is close to an impossible task. However, I would be glad to start indicating seniors, especially those interested in running in college, if someone would ID them for me.

If you're reading this over someone's shoulder or you bought a copy at a meet, you should become a subscriber. There's a subscription form somewhere in this issue—fill it out, and sen it in!

See you at a track meet!
