On Track

By John Hoke, Editor

We had to put out another issue quickly since the Post Office expects us to get two out during March. This issue contains about 16 meets which represents almost everything that happened since the last issue. It's still not enough to do a full breakdown by class in the season leaders listings but we did do the overall listing at 10 deep this time.

The team rankings are hardly more than an educated guess since we don't have the class season leaders listings to guide us, so please don't be too upset if they don't seem to reflect what your opinion might be. We'll have a lot more data to go on by the next issue--which will be dated April 16.

Regional assignments should be made by the next issue and we will publish them if they are released by the OSSAA in time. Remember our perennial advice: if you want to impact the assignments, contact your representative on the Advisory Committee listed at the bottom right of this page. Also, make sure that all your meets are promptly and completely reported to us.

A reminder to coaches: the Oklahoma Track Coaches Association will again be sponsoring a senior East-West All Star meet and nominations should be sent to the appropriate coach (FAX#): WEST BOYS--Jim Nugent, Del City (405-671-8675); WEST GIRLS--Barry Blagowsky, Guthrie (405-282-8823); EAST BOYS--Roosevelt Kent, Broken Arrow (918-451-1964); EAST GIRLS--Roger Brown, Rogers (918-831-33660 The meet will be held May 22 at the University of Oklahoma.

See you at a track meet!

Also, several early meets were canceled and some have been rescheduled. Since this information comes from reported schedules, and not directly from meet directors, there are possibilities of error, so if you would be prudent to contact the school for a meet schedule if you are interested in attending as a spectator or in participating as a team. Please let us know if you notice an error omission so we can correct it in the next issue. The schedule is also available on our web site: <http://www.oktrack.com> and will be updated as new information is received.
