New State Record 2000

65-1

Oldest State Record 1965

On Track

By John Hoke, Editor

State records are back in the spotlight with sophomore phenoms Kyle Bookout of Stroud already the owner of two new ones and Plainview's Jesse Gordon chasing another while Muskogee senior Alfred Neale has one in the high jump. Bookout has not only set two new Oklahoma marks in the shot and discuss (see Season Leaders) but has also set a new national mark for sophomores.

Gordon ran a 5:02 1600 meters at the Texas Relays (second place behind a Texas runner at 4:49) but that won't be recognized as a state record since it was out of state. Hopefully she will be able to repeat that performance on Oklahoma soil. No Oklahoma girls has ever gone below 5:00 in the 1600.

As far as I know, there is no formally written set of criteria for state track records and every time a new record pops up the questions start again. Since the Oklahoma Secondary Schools Activities Association no longer officially sanctions track records the responsibility has fallen on the Oklahoma Track Coaches Association who has appointed track historian Ray Soldan as the semi-official arbiter of records. Maybe we can get the OTCA to set down the guidelines in writing by this time next year.

We do try to keep the current records, both overall and state meet records posted on our web site and we really appreciate corrections. You can either email us the correction, call us or drop us a note.

Apologies are in order again for the lateness of this issue. I had a hard time scheduling the season leader lists and we were short on several meets. It's really looking more and more like this is going to be the last year for *Oklahoma Track & Field News* unless some savior appears on the horizon. Circulation has just not reached a level to sustain the expenses required to produce it and I'm not in a position to continue to finance it out of my own pocket. I'll keep you posted.

See you at a track meet.
