The OCCTCA is pleased to announce the 2026 Cross Country Advisory Board. With all available positions filled amicably, an election was not necessary.

We sincerely appreciate each coach who has volunteered their time to serve. These representatives play an important role in providing a voice for their classifications, assisting with rankings and regional assignments, developing proposals, and advocating for the continued growth of Cross Country in Oklahoma.

We look forward to working alongside this group throughout the 2026 season.
