E-N-R™ Entries and Results
PHONE TIMING
with Quick Roster Access™

E-N-R™ is new for 2025 Cross Country.

Due to the ever-increasing cost of hosting a XC meet,
  and due to the ever-increasing size of school XC meets . . .
  Entries and Results™ - with - **Phone Timing**® was created.

RFID Timing is a great way to time XC meets and produce results.

HOWEVER — the costs are high and the number of timing companies is low.

With *E-N-R*™, the size of your meet can be small (5 or 6 teams for example) - - -

. . . **No apps to download** . . . **No timing software to learn** . . . **No equipment to buy**

E-n-R with Phone Timing is a "Time-It-Yourself" alternative offered by local Timing Companies for schools that prefer smaller XC meets in which the cost of hiring a company is not practical.

All that is needed is a few people with their cell phones—with *E-N-R*™ opened on each phone.
A couple of people at the finish line—using their phones to "COUNT" each runner that crosses the line.
- A few people past the finish line to enter each runner's number on their phones—in finish order.

Coaches and Spectators:
- There is no need for an expensive display at the finish line to show spectators the Race Clock.
- - With *E-N-R*™ and **Phone Timing**® spectators can also view the Race Clock on their phones.
- - - In addition, coaches and spectators can view the results on their phones during each race,
    which includes each finisher's time - and - team points as they accumulate during the race.

  Remember - no apps to download. Just open *E-N-R*™ to the meet / race - and you're ready to go.

Quick Roster Access™

Usernames and passwords are a thing of the past.
No more "Forgot Password" - or - remembering a Username.

With *Quick Roster Access*™, each SCHOOL has a <u>Roster Coordinator</u> - which is either the TF or XC head coach.

——— ROSTER COORDINATORS ———
(FIRST STEP: Claim your school)

To begin with—go to: **www.entriesandresults.com**—which is the *E-N-R*™ "Welcome" window.
On the "Welcome" window—under the box to enter a *Roster Coordinator Code*—click on -
"To CLAIM Your School, Click HERE".

Then, in the next window, complete the required information—including your new "**Roster Coordinator Code**".
Roster Coordinator Codes include the following: the last 4 numbers of your Social Security number - plus -
your **YEAR** of Birth (YoB) - plus - your school level (HS=**1** / JH = **2** / ES = **3**). So, for example: "**3128 –1995—1**"
                                                                                                    last 4 of SS#   YoB   HS

After you complete the required information—and—create your **Roster Coordinator Code,**
assign a <u>Roster Code</u> to each of your school's four rosters. (Boys & Girls XC—Boy & Girls TF)
After you assign each of the rosters a **Roster Code** - provide the codes to the desired Coach(es).
NOTE: *you can assign the **SAME** Roster Code to multiple rosters if a coach has more than one gender/sport.*

——— COACHES ———
Simply go to the welcome page and enter your assigned <u>Roster Code</u> to <u>QUICKLY ACCESS</u> your Roster(s).
*NO Passwords & NO usernames - - - If you forget your **Roster Code**—simply ask your school's Roster Coordinator.*
