Emergency Action Plan

A SERIOUS INJURY IS ANY CONDITION WHEREBY THE ATHLETE'S LIFE MAY BE IN DANGER OR RISKS PERMANENT IMPAIRMENT. THESE INJURIES INCLUDE BUT ARE NOT LIMITED TO: CERVICAL SPINE INJURIES, HEAD INJURIES, LOSS OF LIMB, SERIOUS BLEEDING, SHOCK, SERIOUS FRACTURES, HEAT STRESS AND CARDIOVASCULAR ARREST.

Purpose: To provide Edmond Santa Fe High School Athletics with an emergency action plan (EAP) in case of a serious or life-threatening condition that arises during practice or competitions. AT, coaches, and others involved in athletics must constantly be on guard for potential injuries, and although the occurrence of limb-threatening or life-threatening emergencies is not common, the potential exists. Therefore, prepared emergency responders must have planned in advance for the action to be taken in the event of such an emergency.

Sports Medicine Health Care Team:

Head Athletic Trainer - D'Anna Kyle, M.S., LAT, ATC	(417) 384-0178 (c)
Landline to Athletic Training Facility	(405) 340-2230
Team Physician – Dr. Chris Espinoza	(720) 273-7604 (c)
Edmond Santa Fe Athletic Director – Kyle White	(405) 919-5520 (c)
Local Emergency Number	911

Sports Emergency Clinic McBride Orthopedic Hospital 9600 Broadway Ext Oklahoma City, OK 73114	(405) 486-2100

Information to be provided over the phone in case of emergency:

1. Name and phone number you are calling from.
2. Exact location of emergency and directions (street names, buildings, landmarks, entry into buildings, specific areas, etc.)
3. Type of injury or illness.
4. Condition of patient(s) and type of aid being provided.
5. Number of people injured.
6. Other information as requested and be the last one to hang up.

EDMOND PUBLIC SCHOOLS HEAT ILLNESS GUIDELINES

In accordance with the OSSAA and NATA position statements on heat illness, the following serve as cooling areas at each venue.

In the event of a heat related illness, (see overall Heat Policy), the top priority for athletic trainers on site (coaches, officials, administration if ATC is not present) is to do the following:

- Identify the athlete with heat related symptoms
- Remove from play
- Transfer to area with air-conditioning, if possible with rapid cooling area (cold whirlpool, rubbermaid tub with ice water)
- If transfer is not a viable option, then immediate rapid cooling should take place
- Remove protective equipment (helmets, shoulder pads, shin guards, extra padding), removal of shoes and socks.
- Open tarp and place the athlete supine in the middle.
- Use the TACO method for rapid cooling with hose and ice.
- Need 4-6 people to help oscillate the water.
- Call EMSA
- Monitor vitals until EMSA arrives

Venues:

- all venues (and/or teams) should have tarps for TACO method of rapid cooling located next to the mounted AED's.

Football Stadium: Rapid cooling stations are available in the field house athletic training room on the south side of the stadium. Cold whirlpool available with ice from field house concession stand. Also available is a Rubbermaid tub that is portable. Water hookups are available on both sidelines. SF Football Fieldhouse ATR has cold whirlpools and ice machine

Gymnasium: Gym ATR with cold whirl pool and ice machine

Softball: TACO method

Baseball: TACO method

Track: Cold whirlpool in Track ATR or TACO method

Off-Campus sports: refer to EAP at facilities and TACO method

EDMOND PUBLIC SCHOOLS SEVERE WEATHER GUIDELINES

Lightning

Established criteria should be discussed with officials and coaches prior to the beginning of the contest.

Role of athletic trainer and site admin:

1. Lightning at 20-15 miles - The athletic trainer and school admin will monitor lightning. (Lightning App, Weather Bug)
2. When lightning is within 12 miles, the Athletic Trainer and administrator in charge should notify officials. Administrator will contact PA announcer
3. Lightning under 10 miles- Must be off field – DANGEROUS
4. After athletes have been moved to a safe location, the athletic trainer, administrators, officials, and coaches should meet to evaluate the criteria used to determine if and when play will resume for activity.
    - Home team-Football Field House
    - Visiting team-Track Field House

DUE TO APPROACHING INCLEMENT WEATHER, PLAY WILL BE TEMPORARILY SUSPENDED. AS A PRECAUTIONARY MEASURE, WE ARE GOING TO EVACUATE THE STADIUM. AT THIS TIME WE ASK THAT YOU LEAVE THE STADIUM AND SEEK INDOOR SHELTER. THE ATHLETIC TRAINER, ADMINISTRATION, OFFICIALS, AND COACHES WILL EVALUATE THE SITUATION TO DETERMINE IF AND WHEN PLAY WILL RESUME FOR ACTIVITY.

After athletes have been moved to a safe location, ATC, administrators, officials, and coaches should meet to evaluate the criteria used to determine if and when play will resume for activity. The following criteria will be used:

- Can the expected duration of the storm/weather be determined?
- Has the contest reached a point to which it can be declared official?
- Is the contest a playoff, district, or conference game?
- Can the contest be rescheduled?
- Are officials available for rescheduled?
- What is the travel distance for the visiting team?

Tornado

Each team will go to their respected locker room. Fans will go to large and small gymnasiums in the main building. Stands will be cleared and not let back in until cleared by ATC and site AD.
